## NAYS—1

Amash

## NOT VOTING—8

Cummings	Long	Scalise
Engel	Napolitano	Stivers
Himes	Renacci	

□ 1630

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

## PERSONAL EXPLANATION

Mrs. NAPOLITANO. Mr. Speaker, I was absent during rollcall votes No. 328, No. 329, and No. 330 due to my spouse's health situation in California. Had I been present, I would have voted "yea" on H. Res. 397—Solemnly reaffirming the commitment of the United States to the North Atlantic Treaty Organization's principle of collective defense as enumerated in Article 5 of the North Atlantic Treaty. I would have also voted "yea" on H.R. 497—Santa Ana River Wash Plan Land Exchange Act. I would have also voted "yea" on H.R. 220—To authorize the expansion of an existing hydroelectric project, and for other purposes.

REMOVAL OF NAME OF MEMBER  
AS COSPONSOR OF H.R. 60

Mr. MEADOWS. Mr. Speaker, I ask unanimous consent that my name be removed as a cosponsor for H.R. 60.

The SPEAKER pro tempore (Mr. GALLAGHER). Is there objection to the request of the gentleman from North Carolina?

There was no objection.

## HONORING FRANK KUSH

(Mr. BIGGS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BIGGS. Mr. Speaker, I rise today to honor the life of a legendary Arizonan, Frank Kush, who passed away last week at age 88.

Frank is best known for his career as coach of the Arizona State University Sun Devils football program. He won 176 games over 21½ seasons, the most ever in Sun Devil history. He was named national Coach of the Year after the 1975 season and was elected to the College Football Hall of Fame in 1995.

Coach Frank Kush was not only concerned with wins and losses, he was a mentor for young men and ensured that their professional and academic development rose above their athletic prowess. Coach Kush influenced hundreds of young men during his career at Arizona State. His impact is ever-present in the lives of his former players, and his legacy will never be forgotten.

## TRUMPCARE

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, today a number of us were able to go to the children's hospital here in Washington, D.C., and met two miraculous families, children with complex, chronic diseases. With the love of their parents, one could not tell they were different from any other child, yet they had horrific and difficult medical conditions.

Those parents were middle class working families, and said that, with-

out Medicaid, the half a million dollars of healthcare that keeps those beautiful children alive and leads them to a pathway of a life of love would not be possible.

I am glad that the Senate TrumpCare bill has been stopped in its tracks, the same bill that the CBO has said will cause 49 million Americans to lose their insurance in 2026.

There is no pathway to reform this bill. There is no White House meeting, no Presidential cajoling and shooting deals back and forth. These are lives of Americans, and as long as it takes, we will fight to the end to stop the demolition of the Affordable Care Act, which most Americans, over 50 percent, want the Affordable Care Act.

Stop the foolishness.

CONGRATULATING THE NATIONAL  
AIR TRAFFIC CONTROLLERS ASSOCIATION

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise to congratulate the National Air Traffic Controllers Association, also known as NATCA, on its 30th anniversary.

Since its foundation, NATCA has worked to guide aviation policies and improve working conditions for its members with one goal in mind: to ensure that passengers arrive safely to our destinations.

I would also like to recognize three remarkable individuals—Billy, Jim, and Mitch—whom I have met through NATCA's advocacy efforts. These men are committed to public service, first through their service in our Armed Forces, and then later as air traffic controllers ensuring that Miami's skies remain safe for all. Though Mitch has now retired, I know that his contributions to our Nation have not stopped.

Mr. Speaker, I ask my colleagues to join me in congratulating NATCA and its members on 30 years of outstanding public service.

UKRAINE MILITARY OFFICIAL  
KILLED

(Ms. KAPTUR asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KAPTUR. Mr. Speaker, I rise today as co-chair of the Ukrainian Caucus, and I will include in the RECORD an article reporting on an act of violence that has taken place in Ukraine.

Yesterday, a bomb exploded in the car of a high-ranking Ukrainian special forces official, Colonel Maksim Shapoval, in Kiev, in what Ukrainian authorities are calling an act of terrorism.

Shapoval's heroic unit fought in eastern Ukraine, where a conflict between Ukraine and Russia has been raging since 2014, with mainly citizens being

killed, over 10,000 innocents in that country.

Shapoval's death comes almost a year after prominent Ukraine journalist Pavel Sheremet was killed by a similar explosion in Kiev as he drove to work. No one has been brought to justice in that murder case.

A number of other public figures have also been killed under shady circumstances in and around Kiev in recent years.

Denis Voronerkov, a former Russian member of Parliament who fled to Ukraine, was shot dead in central Kiev in March 2017.

Lawyer Yuri Grabovsky, who had represented a Russian soldier captured in Ukraine, was found dead with a gunshot wound in 2016.

This has all the fingerprints of Putin's Russia, who will stop at nothing to blunt liberty. America must be a friend to liberty and an enemy to tyranny. I call on this administration to help Ukraine defend itself against these hostile acts of war against liberty.

[From theguardian, June 27, 2017]

UKRAINIAN MILITARY INTELLIGENCE OFFICER  
KILLED BY CAR BOMB IN KIEV

(By Alec Luhn)

A high-ranking Ukrainian military intelligence official has been killed by a car bomb in Kiev in what authorities are calling an act of terrorism.

An explosive device destroyed the Mercedes being driven by Col Maksim Shapoval at 8.15am local time, police said.

The car's bonnet was blown open and its roof and driver side door almost completely destroyed, video footage from the scene showed.

"The picture of the crime looks like it was a planned act of terrorism," interior ministry spokesman Artem Shevchenko told local media. The military prosecutor said his office would lead an investigation.

Police said a female passerby with shrapnel wounds to her legs received medical treatment after the explosion, as did an elderly man who suffered shrapnel wounds to his neck.

According to the defence ministry, Shapoval was a colonel in military intelligence. The Ukrainian Pravda newspaper quoted law enforcement sources saying he had headed a special forces unit.

Yury Butusov, editor of the Censor.net news website, said in a Facebook post that Shapoval's unit had fought in eastern Ukraine, where a conflict with Russia-backed separatists that broke out in 2014 has killed more than 10,000 people. He claimed Russian intelligence could have killed Shapoval.

Shapoval's death comes almost a year after prominent journalist Pavel Sheremet was killed by a similar explosion in Kiev as he drove to work. A documentary film released last month revealed evidence suggesting that Ukraine's spy agency may have witnessed the planting of the car bomb that killed Sheremet. No one has been brought to justice in the murder case.

A number of other public figures have also been assassinated in and around Kiev in recent years. Denis Voronenkov, a former Russian MP who fled to Ukraine, was shot dead in central Kiev in March. Pro-Russian journalist Oles Buzina was shot in a drive-by in 2015, and lawyer Yuri Grabovsky, who had represented a Russian soldier captured in Ukraine, was found dead with a gunshot wound in 2016.

CONGRATULATING THE EDEN  
PRAIRIE EAGLES

(Mr. PAULSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAULSEN. Mr. Speaker, I rise today to congratulate the Eden Prairie High School girls lacrosse team for recently winning their third consecutive State title.

The Eagles showed perseverance and grit by overcoming an early deficit to The Blake School in the championship game. It was the ninth meeting between these two schools in the State's final in a 10-year period. Eden Prairie rallied back to win 16-10, giving them the State title.

The girls' drive for another championship led them to have a 20-1 overall record, the number one ranking in the State, finishing 19th in the country.

Senior Naomi Rogge and sophomore Abby Johnson both carried the team by scoring four and six goals, respectively.

These student athletes work extremely hard, Mr. Speaker, not only on the lacrosse field, but also in the classroom. Our community is very proud of their hard work and dedication, and I am delighted to share that these young women rose to the occasion and claimed yet another championship.

Congratulations to the Eden Prairie Eagles on their win.

50TH ANNIVERSARY OF HERKIMER  
COLLEGE

(Ms. TENNEY asked and was given permission to address the House for 1 minute.)

Ms. TENNEY. Mr. Speaker, I rise today to recognize the 50th anniversary of Herkimer College. Established in 1966 as New York State's 29th community college, Herkimer College opened its doors for classes in 1967.

The inaugural class consisted of 221 freshmen, and for the first 4 years, Herkimer College held classes on the upper floors of the old Remington Arms factory in Ilion, New York. In 1971, the college moved to its present-day location in the Village of Herkimer.

Like the Village of Herkimer and Herkimer County, Herkimer College is proud to share its name with a Revolutionary War hero, General Nicholas Herkimer. As commander of the Tryon County Militia, General Herkimer valiantly fought at the Battle of Oriskany. To honor General Herkimer and Herkimer County's rich history, Herkimer College's athletic teams are nicknamed the Generals.

Today, Herkimer College currently enrolls over 3,000 students and boasts more than 20,000 graduates. The college offers over 40 degree programs and is consistently ranked as a top 100 community college in the Nation.

Over the course of five decades, Herkimer College's benefit to the local community is evidenced by over \$75 million in economic impact in Herkimer County, annually.

Today I recognize Herkimer College for an exceptional 50 years and offer

my best wishes for many, many successful decades to come.

CONGRESSIONALLY DIRECTED  
FUNDING TO VETTED WATER RE-  
SOURCE DEVELOPMENT  
PROJECTS

(Mr. THOMAS J. ROONEY of Florida asked and was given permission to address the House for 1 minute.)

Mr. THOMAS J. ROONEY of Florida. Mr. Speaker, today I rise to talk about something called congressionally directed spending when it comes to Army Corps projects.

I have a bill, which is called the REPAIR Act, which would make a limited change to the House rules definition to allow Congress to direct funding to vetted water resource development projects of the Army Corps of Engineers and the Bureau of Reclamation.

The REPAIR Act does not authorize or appropriate any new funds for these projects, which comprises just one-half of 1 percent of our overall annual discretionary spending, and stays exclusively within the budget cap set by Congress.

After several years of divided government, almost every Member of Congress here has experienced the direct correlation between our inability to provide for these projects over the executive agencies, especially as it pertains to these essential public works projects.

The REPAIR Act is a zero-cost solution to this problem that will simply allow Congress to respond to the water resource infrastructure needs of their communities rather than waiting for an unelected, faceless bureaucrat in the executive branch to move on these projects.

Mr. Speaker, I urge all of my colleagues to support the REPAIR Act.

RECOGNIZING CONGREGATION  
MICKVE ISRAEL

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today to congratulate Congregation Mickve Israel in Savannah, Georgia, as it celebrates its incredible 284th anniversary on July 11, 2017.

Just 5 months after General James Oglethorpe settled the colony, Jewish settlers fleeing persecution in Europe arrived in Georgia. They sought refuge in Savannah, where they were free to practice their beliefs. This brave group soon founded the Congregation Mickve Israel.

Predating our country by several decades as the first congregation in the South, Mickve Israel set an important precedent for the Jewish people. As such, wars, plagues, and religious struggles each challenged the congregation over the years, yet Mickve
